Sunset and evening star, and one clear call for me. and may there be no moaning at the bar, when I put out to sea:..

But such a tide as moving seems asleen, too full of sound or foam, when that; which drew from out the boundless, deep, turns again home. http://

Twilight and evening bell, and after that the dark, and may there be no sadness of farewell, when I embark.

For though from out our, born of time and place, the floods may bear me far, I hope to see my pilot face to face, when I have crossed the bar.
